ETTER OF COMPLIANCE

November 05, 2002

Lori Ward 40 Saint Anthony Place Mahopac, NY 10541

RE: File #2001-00571

Dear Lori Ward:

On October 31, 2002, personnel from the Department of Environmental Services ("DES") received your letter and photos for the above referenced property, more specifically referenced on Town of Newbury Tax Map 7 as Lot 225-299 (the "Property"). The purpose of the request for information was to determine compliance with RSA 482-A and applicable rules adopted under that statute, and specifically whether the deficiencies noted in the Letter of Deficiency issued to you on October 4, 2002, have been addressed.

As a result of the documents submitted, it was determined that the deficiencies described in the Letter of Deficiency have been corrected to date. DES will close its enforcement file regarding the Property at this time. DES requests that upon installation of the permitted docking facility in 2003, you submit a cover letter, and photos showing that you are in compliance with the permit description and specific conditions of the Wetlands permit # 2001-571, as revised on May 14, 2002. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

In response to your request for information related to planting the shoreline frontage, please find enclosed fact sheets pertaining to the Comprehensive Shoreland Protection Act (CSPA), and additional planting guidelines.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,
Jeffrey D. Blecharczyk
Wetlands Inspector
